## VOLUNTEER FIREMEN HURT IN \$50,000 BLAZE AT CENTERBURG TODAY

### Gibson Fowles Carried Members of His Family Out Through the Raging Flames

#### LEFT \$700 IN CASH BEHIND TO BE DESTROYED

#### Two Men Buried Beneath Falling Wall and Were Unconscious When Rescued---Entire Business Section of the Knox County Village Was Threatened.

Centerburg, O., Dec. 16.—Bliss Willis and Edward Fowles were probably fatally injured this morning while assisting in fighting a fire which threatened the destruction of the entire village. The men were buried under falling walls and were later taken out unconscious.

Centerburg, Dec. 16.—This village was visited again early Saturday by a disastrous fire, when finally controlled about 5:30 a. m. had burned two buildings and destroyed the stock of four business men. The business places burned were: McGuire's clothing store, Willis' restaurant, Hulse's drug store, Fowles' real estate office and residence.

It is estimated that the loss will reach \$50,000, with insurance amounting to about \$18,000.

The stocks in the McGuire store, the Hulse store and the restaurant will be a total loss.

It was about 3 o'clock in the morning when the blaze was discovered and the alarm given. The village fire department was inadequate to handle the situation and soon decided to call upon Columbus for help. A fire engine and hose truck from that city were enroute to the village to aid in fighting the flames when the train was intercepted by a telegram stating that the fire was under control.

The destroyed building was owned by Hulse & Jones and was erected about eight or ten years ago when the structures formerly occupying this site were destroyed by fire.

With the destruction of the Fowles residence the fire was controlled and within a short time it was entirely extinguished.

This is the fourth or fifth disastrous blaze Centerburg has experienced in the past ten or twelve years.

Bliss Willis and Edward Fowles who were assisting in fighting the flames, were caught by falling walls and almost buried beneath the debris. It was some time before they were rescued and they were hurriedly conveyed to their homes. Both men were unconscious when found and they are probably injured internally.

The attending physicians give out but little hope for their recovery.

Gibson Fowles, who resides over the drug store carried the members of his family to safety after the flames had almost entirely surrounded the building. In his hasty departure he left behind him \$700 in cash, which was lost in the fire. More than \$800 of this was in bank notes and will be a total loss. The balance of the money was in gold and silver but no part of it had been found at noon Saturday.

The flames originated in the restaurant of C. E. Willis and quickly spread to the clothing store of Allen Hulse, which was entirely wiped out. McGuire's loss will be \$20,000 with \$5,000 insurance. Other losses were only partly covered by insurance. The entire community turned out and a bucket brigade fought the flames.

## OPTION ELECTION FOR LICKING TO BE HELD JAN. 6

Attorney Roderic Jones representing the Business Men's and Tax Payers Protective League, Saturday afternoon filed a petition with the county commissioners containing 5,574 names, asking that a special option election be held in Licking county. The signatures represent every part of Licking county.

The total number of votes cast for governor in 1910 was 12,848. In order to present the petition to the commissioners it was necessary to secure 35 per cent of the signatures of the total vote cast at the last general election, the required number being 4,496. The number secured was over 1,000 more than were necessary.

The commissioners, after counting the signatures and finding more than the number required by law, fixed the time of holding the election for Saturday January 6.

## CHINESE REVOLUTION MAY BE TERMINATED BY THE PEACE CONFERENCE

Shanghai, Dec. 16.—The coming week will be the most notable in the history of the Chinese revolution. Tiao Shang Yi, the imperial plenipotentiary appointed by Yuan Shi Kai to attempt to negotiate peace will arrive here Sunday, accompanied by a vast retinue of aids and servants to meet in conference with all leading rebels of the country.

Many believe a solution of the matter may be reached at the conference. Representative Republicans indicated today that they desire the dynasty to be discontinued and that the Manchus as a class be merged with the Chinese. There is reason to believe that if the revolutionists conclude to stand for a Republic Yuan Shi Kai will accept their terms.

Should the conference at Shanghai fail to reach an agreement the Republic military leaders are confident that they can eventually take Peking. It is believed Yuan has been advised to accept the presidency of the China Republic with Doctor Sun Yat Sen as vice president. It is thought the Manchus dynasty will be compelled to abdicate and to accept any terms that may be offered by the Republicans.

## GAS FAMINE IN KENTUCKY

Lexington, Ky., Dec. 16.—Lexington and the entire central section of Kentucky are in the throes of a gas famine. A large main about five miles from Mount Sterling which feeds this

section with natural gas broke yesterday afternoon.

Residences, business houses and manufacturing plants are in total darkness and without power to run their plants.

Workmen have been sent from here to the seat of the trouble and every effort is being made to make the repairs as quickly as possible.

## CONG. ASHBROOK ON IMPORTANT SUB-COMMITTEE

Will Have Charge of Expenditure of \$25,000,000 for Public Buildings—Ohio Will Get Share.

Washington, Dec. 16.—The house public buildings and grounds committee took the bit in its mouth at its session yesterday and ran away with the leaders. Against the protest of the latter the decision was reached to report a "moderate" public buildings bill.

The determination having been reached, however, it will be difficult to build it under \$25,000,000.

Representative Cantrell, of Kentucky, is named as chairman of the subcommittee which will consider buildings to be located in Ohio, Indiana and Kentucky. He will have as his colleagues Representative Ashbrook, of the Seventeenth Ohio district, and Representative Barnhart, of the Thirtieth Indiana district. This insures that the three states will be well provided for in the forthcoming measure.

The new public buildings for Ohio will probably include the following: Coshocton, New Philadelphia, Wilmington; Washington, C. H. Sidney, Martin's Ferry, Cambridge, Akron, Fostoria, Van Wert, Elroya Gallion and Middletown.

## NEW BUILDING FOR COSHOCTON

Coshocton, O., Dec. 16.—Through the efforts of Congressman W. A. Ashbrook, Coshocton will undoubtedly be one of the favored cities in this section of the country and a part of the appropriation of \$25,000,000 will be used for the construction of a new building for this city. The list of towns to be favored includes 13 Ohio cities, 9 in Kentucky and 4 in Indiana.

## POSTOFFICE AT NEWARK

May Be Built Upon Sherwood Site After All—It Seems to Be Question of Price.

Washington, Dec. 16.—While no definite action has as yet been taken, it is known here that the treasury officials are seriously thinking of building the new federal building upon the Sherwood site. It is said that to dispose of this site and acquire another will mean a loss to the government and that a postoffice can be built upon this site to meet the requirements of the city for the next three or four generations. The former plans did not contemplate a building as large as it is possible to erect on the Sherwood site. New plans can be drawn to increase the floor space at least 25 per cent. It is expected that the matter will soon be decided. Several other sites have been offered by Newark people in response to the recent published advertisement in Newark and since then the officials have had two other locations offered. It seems to be a matter of price or the amount the government would lose by changing locations that is in the minds of the treasury officials.

LECTURE IS SUNDAY AT 3 P. M.  
An error in yesterday's ad. for the lecture "When Eden Comes and Dead Men Live," by Dr. F. A. Hall, of New York, made it read Monday afternoon when it should be Sunday afternoon. This lecture is attracting widespread attention and no doubt Dr. Hall will be greeted by an immense audience. No admission is charged. It will take place at 3 p. m. at High School Auditorium.

Springfield, Dec. 16.—As a result of the explosion of a tank of acetylene gas at the plant of the Champion Chemical company yesterday, Harry Uphiel was seriously injured. O. V. Gregory and John Ringe were also hurt.

## PLAN FOR STATE WIDE PRIMARY

### New Method for Selecting National Delegates and Presidential Electors

## MEMBERS OF CONGRESS

#### Would Also Be Nominated by Direct Vote---Would Settle Presidential Preference.

Columbus, Dec. 16.—Because Ohio legislatures have adopted a definite manner of selection of presidential electors, and, by reason of the fact that the whole of Ohio must be considered a congressional district, owing to the extra congressional allowed and to the failure of the legislature to redistrict it, political experts have discovered a method which they think makes possible a state-wide primary and a vote on presidential preference.

The plan has the approval of Wm. L. Pinley, former chairman of the Democratic state executive committee, and it is thought may not be unlike a scheme concerning which Chairman Walter F. Brown of the Republican faith hinted at Washington this week. Electors may be nominated under the general statutes only by a convention, petition, primary or by appointment of a party central or executive committee. Unless a state committee nomination, which is limited to primaries, petitioning, state conventions, institutions of higher learning, etc., it also is pointed out that certain electors must be nominated by the secretary of state and vote in primaries, as in the case of conventions, the names of candidates for president and vice president shall head the list. Certification must be made by convention officers or the committees in charge of primaries.

The plan proposed finds encouragement in the fact that all candidates for Congress must be nominated by direct vote. Inasmuch as no Twenty-second district has been created, the whole state becomes a district, and a committee acting for a political party is contended, may include in its national candidate-at-large the nomination of candidates for presidential electors, and place above their names on the ballot the names of presidential and vice presidential candidates named by petitioners.

Provision is made in the calls for national conventions that each state shall be entitled to two delegates for each of its representatives in Congress and two delegates-at-large for each senator. Consequently, it is asserted, if a state central committee desires, it may include in its call for nomination of presidential electors, the selection of either two or six delegates-at-large to its national convention and the names of the candidates may appear on the ballot below the names of the candidates of the petitioners for president and vice president.

In other words, under this order of things, it is pointed out that followers of President Taft, Senator La Follette and other candidates may place on the primary ballots of their party the names of those whom they would have as delegates-at-large and as electors.

In case a state committee refuses to authorize a state-wide primary for the nomination of presidential electors and a congressman-at-large, a proper per cent of the electors of a party may present petitions to the secretary of state and chief deputy supervisor of elections in the most populous county of the state, which petitions might contain the names of candidates for presidential electors, a candidate for Congress and of delegates to the national convention, and these officers would be compelled to certify the list to election boards of the state that they might be included on ballots.

A question has been raised as to the election of delegates to the national

## NEW CANADIAN PREMIER AND WIFE ON THEIR FIRST TRIP OVER BORDER SINCE ELECTION

Here is a most intimate view of Robert L. Borden, recently elected premier of Canada over Wilfrid Laurier, and Mrs. Borden, taken during their recent visit to New York, where Borden was the guest of the Canadian Society of New York. It was the first time he had spoken on this side of the border since his elevation to the premiership.

## TO DISTRIBUTE SOUVENIRS OF THE BATTLESHIP MAINE

Washington, Dec. 16.—Portions of the wreck of the battleship Maine, now being cleared of mud and debris in Havana Harbor, are to be donated to cities, patriotic societies and the survivors or heirs of survivors of the Maine, under a plan presented to the house in the urgent deficiency bill.

The entire bill carries \$2,570,000. It authorizes an additional appropriation of \$250,000 for raising the Maine, making a total appropriation of \$900,000 for that purpose.

The bill would authorize the secretary of war to give some portion of the wreck to the republic of Cuba, for incorporation in a public monument to be erected in Havana.

The labor and cost of securing parts of the Maine must be paid by the city or society getting the relic. The work

convention by the Cleveland board of election. Section 4591 of the Bronson act makes a distinct exception of the nomination of delegates to national conventions. Under that section they were not included in the direct primary law.

The last general assembly, in section 4960, amended this provision to include the election of district delegates by a direct primary vote. The original section, however, was not repealed. This question has been put up to Secretary of State Graves and before it is threshed out probably will reach Attorney General Hoggan and the supreme court.

## POSTOFFICE IS DOING RUSHING XMAS BUSINESS

Business in the registry and money order division of the Newark postoffice is increasing rapidly because of the Christmas season. The foreign mail is particularly heavy. Many of the foreigners send out money orders, registered letters and merchandise to their families in the other countries. Western mails are also heavy. The Christmas season has certainly arrived as far as the postoffice department is concerned and packages which take four and five days in transmission are being received in great abundance. Postmaster Halsey expects to make a splendid showing of the Christmas business handled at the Newark office this year.

Many a man hates to spoil a good thing, especially if it's a thirst.

## SHOOTING SHOW GIRLS ACQUITTED

### Jury Out Less Than One Hour in Famous New York Case

## CROWD DEMONSTRATIVE

#### Greeted Girls With Cheers as They Left the Court Room---Stokes Very Ill.

New York, Dec. 16.—The verdict of not guilty was returned last evening, freeing Lillian Graham and Ethel Conrad of criminal charges on which they had been held since last June, for shooting the millionaire sportsman and hotel proprietor, W. E. D. Stokes. The jury reached its verdict in slightly less than an hour's deliberation—58 minutes, to be exact.

"The shooting show girls" were tried on an indictment of three counts, the first charging an attempt to murder Stokes. Of consideration of this count, however, the jurors were relieved by Justice Marcus, at the request of the district attorney. The court restricted the jury to the second and third counts, which charged, respectively, assault in the first degree with intent to kill, and assault in the second degree with intent to do bodily injury.

While the jury was deliberating the two defendants were held prisoners in an adjoining room. Waiting was obviously a severe ordeal for both. When summoned to hear the verdict, Miss Graham appeared completely unstrung and was assisted into the courtroom, trembling in every limb. The more spirited Miss Conrad came unassisted, but she seemed highly nervous.

When the girls faced the foreman and he announced the words "not guilty," Miss Conrad cried: "Thank God, and went into violent hysterics. She sank to the counsel table then jumped up again, shrieking and tearing her hair and throwing her arms about wildly. It was a surprise to the spectators for Miss Conrad had kept much the better nerve of the two defendants throughout the trial.

On the other hand, Miss Graham, who continually wept during the trial, and sobbed the more when she heard the verdict, recovered herself when she saw her companion so affected, and acted as the comforter to her younger friend.

It was at first thought that Miss Conrad had misunderstood the verdict and her companion tried to assure her that they were free.

"Oh, I know," she said. "Tell mother we are free. Tell her we are coming home."

The girl's hysteria continued fully 10 minutes before her friends succeeded in quieting her.

She recovered as suddenly as she was attacked, and with Miss Graham on her arm, issued from the courtroom to be greeted with cheers by a large crowd gathered outside. Many persons stepped forward to shake their hands. They stepped into a taxicab and were whirling away to dinner.

The jury arrived at its verdict after taking four ballots. On three of them jurymen voted each time 11 to 1 for acquittal, the one man dissenting being in favor of a conviction of second degree assault.

The spectators who crowded the court room did not appear to be greatly surprised. No one was present representing Stokes except counsel. His young wife, who had been in the court room most of the day, decided not to wait the outcome. It was said at the Hotel Ansonia, some hours later, that the verdict had not been announced to Stokes up to that time. He was said to be still dangerously ill and in considerable pain, following the recent operation for the removal of an abscess of his kidneys.

The summing up argument which Assistant Prosecutor Bucker made against the girls was a dramatic feature of the late afternoon session. He flourished the revolvers with (Continued on Page 7, Col. 2.)

## "DIAMOND DICK"

### Success to Injuries Received in Being Run Down by Train at Crossing.

Ogdensburg, N. Y., Dec. 16.—Word was received here today of the death last night in Kansas City, Kan., of George B. McClelland, better known as "Diamond Dick," famous in dime novel lore, from injuries received in being run down by a train while driving over a railroad crossing.

McClelland was a native of Ogdensburg and his parents still reside here. He was a crack shot with the rifle, his favorite trick being the shooting of an apple from a man's head. He ran away from home at age of 16 and in 1872 joined with Buffalo Bill, Wild Bill and Texas Jack in the show business. He is said to have been the first doctor in Oklahoma and when the Spanish war broke out he organized a regiment of old Indian braves and offered his and their services to the country.

"Diamond Dick" gained his sobriquet because of the large number of diamonds he wore. His body will be brought to Ogdensburg for burial.

## STOLE PASTOR'S SILK SOCK AT THE BAPTISM

Youngstown, Dec. 16.—When the divorce case of Elvora Williams against David Williams came up for trial the plaintiff convulsed the court when she testified that her husband, who was a janitor at the First Baptist church, returned home one night, all excited. "Look here," he said, as he raised his trousers leg. "This is one of Rev. C. H. Pendleton's silk socks, which I stole while he was baptizing a convert."

## DR. WM. E. BARKER'S

EXPERIENCE IN LONDON.

(From the Rochester Times.)  
Half a century ago there was no city in the world where an eminent specialist had the opportunities that were presented to one in London; realizing this fact Dr. Barker, after graduating from Heidelberg, located in London. His practice grew so rapidly that at the end of five years he established the largest practice of any physician in that city. His practice was confined to chronic cases only in the treatment of rheumatism, catarrh, kidney and bladder diseases. He used one never-failing prescription—this same prescription he had written thousands of times; and he had seen patients come into his office with crutches and their backs bowed with rheumatism, had been troubled with rheumatism for fifteen and twenty years, and after they used this special prescription for two or three days, they would come walking to his office, as limply as a school boy, and thank him for the good he had done them. The Doctor said in an interview that one man about 45 years old came to him, injured while working at the carpenter trade about twenty years before and had suffered constantly since with kidney trouble. He had tried everything to get relief, but nothing seemed to do him any good. He asked the Doctor if he really knew anything that would cure him, and he told him of a never-failing remedy for all chronic cases like his. He wrote him a prescription and told him to take it for a week and then come and let him know how he was getting along. This man came back to his office in just four days and said he had not felt as well in his life. He also stated that his daughter, whom he had taken out of school because her eyes were too weak to study, and she could hardly see from one of them at all; she had been treated by four eye specialists without relief, and after he had taken this prescription for two days, he says he saw it was helping him so much he let her take some of it and to their great surprise, she improved wonderfully almost from the first dose. He told him that it was only a week's time after she commenced to take the medicine until she could see as well as ever and was able to return to school. He wrote not until after hundreds of such remarkable cases had been treated by Dr. Barker with this same prescription that he was prevailed upon in the interest of humanity, to allow the wonderful prescription to be put up so that every sufferer could have it at a very small cost. The public can now secure this prescription under the name of bloodline, at drug stores, or the Bloodline Laboratories, Boston, Mass., will supply a six weeks' treatment (six bottles) for \$2.50; 50 cents a bottle, trial bottle and booklet, 10 cents.

## CATARRH IN HEAD ENDED FOREVER

Ely's Cream Balm Forever Ends Catarrh Miseries. Try a Bottle Tonight.

The most effective and harmless way to cure catarrh or a cold in the head is to apply a little of Ely's Cream Balm. This pleasant, harmless, antiseptic, cleansing, healing Balm quickly heals the sore membranes and restores the sense of taste and smell. It will cure even the worst case of catarrh.

Get a 50 cent bottle from your druggist, use it according to directions, and cold in the head, catarrh, catarrhal deafness, headache, head noises and sneezing will all go. More than this, the Balm will strengthen the sensitive membranes so that you can resist and throw off colds.

Quick relief from catarrhal misery awaits you at any drug store. A 50 cent bottle of Ely's Cream Balm is generally more than sufficient to cure even a chronic case of catarrh or hay fever. It is perfectly harmless. If you prefer a spray, ask for Ely's (Liquid) Cream Balm.

## NOTICE TO THE NEEDY BLIND OF LICKING COUNTY.

The Blind Relief Commission will meet in the convention room of the court house at Newark, at 9 o'clock a. m., on Friday, December 29, to pass on claims filed by the needy blind of Licking county for relief, as provided for by House Bill No. 828, passed April 2, 1908, and amended April 30, 1908.

Section 3 provides that the applicant must have been a resident of the county one year previous to making the application.

Section 6 provides that all persons claiming relief under this act must file with the board at least ten days previous to this meeting a duly verified statement of the facts bringing him within the power of this act.

The applicant must also bring one reputable witness to his financial condition, to entitle him to the relief asked for.

By order of the Blind Relief Commission.

## FLIPPED COIN FOR OFFICE OF COUNCILMAN

Granville, Dec. 16.—At the recent general election it happened that one Democrat was elected to the office of Village Councilman, and as there were several Democratic candidates, of course the one receiving the highest number of votes would be entitled to the office. It happened, however, that J. B. Tannehill and J. D. Evans, Democrats, received the same number of votes, and it was a problem as to who would be declared the victor. Friday night the two candidates, with Mayor Jones and Clerk Evans, met in the council chamber, and after discussing the matter at some length it was decided that the candidates should cast lots. Mr. Tannehill flipped a copper, and Mr. Evans endeavored to call the turn but lost. Mr. Tannehill was then declared the Democratic councilman to serve for two years.

One of the prettiest plays ever staged by any of the fraternities or literary societies in connection with Denison University, was that of "Richelleu," produced by the Franklin Literary Society at the Opera House Friday night. Preparations had been making for the production of this play for some time, and its production before a large and appreciative audience Friday night, was a complete success in every particular. The young men were assisted in the cast by the Misses Marion Ogden and Althea Cook. The play throughout was exceedingly well rendered by the young men and those taking part. All had their parts well in hand and the performance is said to have been equal to the best modern exhibition in that line.

The college orchestra, under the direction of James Wolfe, furnished the music for the occasion. The entertainment throughout was of a high order and was greatly appreciated by the large audience that was in attendance.

## NO INCREASE IN PRICES ON THE MARKET

The good housewife will be interested in knowing that her Christmas dinner promises to cost but very little more than the Thanksgiving dinner. The promise of the market men for no advance in prices between now and Christmas is contingent on the weather, principally. If the weather does not become unusually severe, it is unlikely that there will be any material increase in the prices either of meats or vegetables. The only two articles to show any advance are eggs and butter. Eggs are now retailing at 40 cents per dozen and good country butter is selling for 25 cents per pound in the Newark groceries. Poultry dealers say that they do not anticipate any increase in the price of poultry.

## KEEP YOUR KIDNEYS WELL.

Health is Worth Saving and Some Newark People Know How to Save It.

Many Newark people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers. Here is a Newark citizen's recommendation.

George K. Duckel, 31 Granville St., Newark, Ohio, says: Doan's Kidney Pills did good work in my case and I am glad to recommend them to anyone. I had pains in my back and kidneys. The kidney secretions were irregular in passage until I used Doan's Kidney Pills procured from A. F. Crayton & Co.'s drug store. They gave me entire relief.

For sale by all dealers. Price 50 cents. Foster-McLure Co., Buffalo, N. Y., sole agent for the United States.

**HEALTH HINT FOR TODAY.**  
Ill Effects of Wrong Sitting.  
Grown persons and children alike are inclined to fall into the bad habit of sitting down into a chair and sitting for hours with the spine bent almost in a half circle. That this is injurious thousands of people who indulge in it never so much as dream, but that it is the cause of many serious ills those who have investigated the subject are well aware. The continued strain upon one side of the spinal column, with the corresponding compression on the other, gives rise to nervous difficulties and affections of the brain. Dizziness, nausea and blind spells are not infrequently the result of this practice. While the strictly upright position is undoubtedly the more healthful, it seems rather hard work to persuade the young and indolent to maintain it.

**WALL STREET NOT IN CONTROL**  
The Stanley Steel Investigating committee will continue its probe of the steel trust, the efforts of Wall street to bring the inquiry to a halt having failed.  
It being obvious that the House will not heed the command of special privilege to stop the inquiry, it is doubtful now whether the proposition of forcing the investigating committee to abandon its inquiry will even come up on the floor of the House. But if the attempt is made it is certain that the House will stand by the committee and order it to proceed with the hearings.  
This marks a new order of things. In the past, the steel trust has been able to have bills side tracked, delayed, and finally chloroformed in committees of the House. All this is today impossible.

**HIGH TARIFF AND TRUSTS**  
Democrats contend that trusts thrive behind high tariff schedules. Democrats predicted that the Dingley Act would be a prolific breeder of trusts, and their prophecies were justified by subsequent experience.  
Under its regime more monopolies were organized than ever in the history of the world, and the Payne-Aldrich bill has effectively perpetuated and intensified conditions. Living expenses have inordinately increased and are now near the highest elevation in the history of the republic. With unerring precision the people can trace these effects to the operation of high-tariff legislation, and there they will establish the responsibility. The Standard Oil since its formation in 1849 had net profits aggregating \$1,049,442,064, and yet its capital stock is only \$100,000,000. In 1907 its net profits were \$35,000,000. Its dividends have annually ranged from 40 to 50 per cent.

**MUST OBEY THE TAX LAW**  
When the general assembly enacted the tax commission law it intended to give that body general supervision over all taxing officers of the state. Heretofore, assessors of the different districts had worked independently of each other, with the result that there were different rules for valuing property; some was placed on the duplicate at 25 per cent of true value and others at 40 per cent, and from that up to 75 per cent. The legislature also intended that local taxing officers should obey mandates by the State Tax Commission. County Auditor Sayre of Franklin county now knows what the legislature intended. The county commissioners of Franklin county in an effort to evade the provision of the Smith tax rate law limiting the maximum tax rate, sought to make an additional levy in excess of the limitations of the low rate law. The tax commission ordered Sayre not to place the additional levy on the duplicate. Sayre refused to obey, and the tax commission enjoined him. The Circuit court has just decided the case in favor of the commission. Under this judgment, the court practically ordered all county taxing officials to obey the mandates of the tax commission. It is up to someone else to do the enjoining under this decision. This decision also means that the courts will not countenance any chicanery to get around the maximum tax rate provided in the Smith law.  
An exchange suggests that Uncle Sam may have to skin the bear and use its oil to grease the passports.  
Even though the weather may not be very helpful, do what you can to add to the good cheer and good will on earth at this opportune time.

**WORK AND WIND.**  
All people respect the worker, for industry always knicks; and one respects the shirker who stands on the street and talks. Here's truth unadorned (and let her in every man's ear be dinner): A half day's work is better than five hundred years of wind! I've looked on the loafers keeping their trust, where they stood and steeled; and most of the bunch are sleeping today in the Porter's Field; oh, idleness was their feller—they were it, and weakly grained, not working that work is better than all that is of wind that there is of wind. The street, where the loafers tread it,

CHRISTMAS IN NEW MEXICO.  
The Christmas ceremonies which take place among the Spanish settlements in parts of New Mexico are peculiar, solemn and dignified. These celebrations begin a week before the day. The inhabitants seek to carry out the Bible story of Joseph and Mary, being unable to find refuge in Bethlehem, and for the purpose of doing so, men and women go to visit the house of some friend—a different house being visited each evening. They arrive, they knock on the door, and begin to sing. Those within ask, "Who is there?" To which they reply, "The Virgin Mary and St. Joseph seek lodging in your house." At first they are refused entrance. But in a short while the inmates open the door and bid their visitors a hearty welcome. The pretending wanderers kneel as soon as they enter, and repeat a brief prayer. When their devotions are concluded, the remainder of the evening is spent in making merriment.  
On the evening before Christmas, the villagers, rich and poor, together gather in some large hall or room and give a sacred play, commemorating the birthday of the Savior. The stage is at one end of the room and it fitted to represent the stable and the manger. The spirit of these people is genuine, and reverential as they seek to represent in the tableaux the characters in the sacred story of Bethlehem. **When Eden Comes and Dead Men Live**  
The above is the subject taken by DR. P. A. HALL, of New York, who will deliver his famous lecture in  
**THE HIGH SCHOOL AUDITORIUM Sunday, Dec. 17th, at 3 p. m.**  
Here is a rare opportunity for the people of Newark to hear a Bible lecture by a Bible expert, who combines years of extensive research with the ability to fluently impart the things he has learned.  
Dr. Hall comes here under the auspices of the local class of International Bible Students' Association, who have provided for all expenses incident to this lecture, and no admission will be charged, and no collection taken.  
Dr. Hall will not endeavor to make converts to some new sect, or creed, of which, all must admit, there are already too many, but his lecture is part of a world wide movement to stimulate Bible research and study.  
He shows that the Bible contains the only reasonable, harmonious, consistent and philosophical answers to the questions: What is the cause of Sin? Why was it permitted? What constitutes its remedy? How will that remedy be applied? What will be the blessed result to each member of the human race? Where are the dead? Etc., Etc.  
His discussion of the questions that have so long perplexed you will satisfy both your heart and head.  
Don't forget the place, date and time. High School Auditorium, Sunday, Dec. 17th, 3 p. m.  
No admission charged—Seats free—No collections.

**LEGAL NOTICE.**  
Joseph Makranyi and Elizabeth Makranyi, whose places of residence are unknown, but who are supposed to reside in Flint, Michigan, are hereby notified that on the 3rd day of November, 1911, The Citizens Building and Loan Association of Newark, Ohio, filed in the Probate Court of Licking County, Ohio, a petition praying for the foreclosure of a certain mortgage executed on the 11th day of March, 1907, by said Joseph Makranyi and Elizabeth Makranyi to said Association for the sum of \$500, upon the South half of lot No. 1609 and the East half of lot No. 1611, in Henry Smith's Addition to the City of Newark, Ohio, according to a Plat of said Addition recorded in Plat Book, Volume 1, pages 267 and 268 of the Record of Plats of said County.  
Said petition alleges that the conditions of said mortgage have been broken; that there was due October 25th, 1911, \$210.35, and prays that said real estate may be sold to pay the amount due upon said mortgage unless the said Joseph Makranyi and Elizabeth Makranyi shall pay the same before the day of hearing. Said defendants are requested to answer said petition on or before the 24th day of February, 1912, or judgment will be rendered as prayed for in said petition.

## SOCIETY

Miss Kathryn Simonds when approached by a Columbus newspaper representative with regards to some of the new society dances such as "The Grizzly Bear," the "Turkey Trot" and the "Argentine Tango," Miss Simonds, who formerly taught dancing in this city but who is at present instructor of dancing in the Columbus School for Girls, had the following to say:

"I am afraid it is true. Indeed, I know it to be true, for I myself have seen the dance called the Turkey Trot, and possibly the others, without knowing them by these names. It is too bad that teachers will not realize that dancing is really an art and should be taught as such. I think that the two-step has ruined—yes, absolutely ruined—American dancing. It was the beginning of all these ungraceful and disgraceful dances. They are all developments of the two-step. Why no one can really waltz any more. When most young men and girls start to waltz they two-step without realizing it. I myself will not teach the two-step to my pupils."

"Miss Simonds is a teacher and a firm believer in the Russian school of dancing. She goes each summer for instructions to Louis H. Chailat, a Russian teacher in New York. Miss Simonds says the principle of the Russian school can be described in two words, 'dignity and strength.' In this school, the feet and the hands are taught together by exercises. Miss Simonds took her class to see the Russian dancers who were recently in Columbus, and she said the delight of the girls when they recognized some of the movements she had taught them was a delight to see."

"West Point," Miss Simonds said, "is supposed to have its cadets taught really correct dancing. They have there one of the best instructors of dancing in New York. Last summer I went to my first dance there and I anticipated a very happy time. I went with an army officer who had been taught dancing at the same time I had, so I got on capitally at first. Then I tried to waltz with a cadet. At least a waltz was on the program. I finally asked him just what he was dancing, and he said it was a waltz backward. I asked him if the cadets were taught to dance in that manner, and he said 'no,' but the cadets had got into the habit because when the New York girls came to the academy they could not dance in any other way."

The new dances, which Miss Simonds referred to repeatedly as a development of the two-step, she termed not only ungraceful but vulgar in the extreme.

One of the most enjoyable surprises of the week was that given Tuesday evening on Miss Mary Milesell at her home in Locust street. Music, dancing and games were enjoyed until a late hour, after which refreshments were served by the following: Misses Helen Bradley, Emma Borgs, Marie Gilbert, Sue Taffel, Anna Toothaker, Alice Biddle, Messrs. Everett Francis, Charles Grim, Leo Stevens, Clyde Kelly, Fred Kirkpatrick, Harry Tinn, Walter Pine, Walter Crawford, Earl Youse, Mr. and Mrs. Charles Hupp and Mr. and Mrs. Fred Palmer.

The Monday Afternoon Talks meeting on Monday will be featured by the lecture on Shakespeare by Prof. C. L. Williams of Denison University. The lecture will be held Monday afternoon.

## HEART AND HOME TALKS

### Among the Christmas Crowds.

"I CAN'T think of a single thing to give her."  
"I have looked everywhere for that kind of footstool, and I am nearly dead."  
"Yes, the cook has the measles. Isn't it awful!"  
"He has everything he wants. What can you get a man like that?"  
"Her pocket was picked. Twenty-five dollars! Just think of the presents you could get with that."  
"Did you ever see such crowds. You can't get within a mile of a counter."  
"Fell down stairs and sprained her ankle. And a lot of company coming."

"She has a baby. That's a Christmas present, isn't it?"  
"I can't find a thing I want. Whatever am I going to do?"  
"Yes. Her husband just died. Poor woman!"  
"Somebody stepped on my corn. It's nearly killing me."  
"Seventy-two people on my gift-list. What do you think of that?"  
"They've sold every one, and no more to be had. I'm in despair."  
"I'm going home and going to bed. I haven't had anything since I started this morning, but a cup of hot chocolate. It takes ages to get waited on in a restaurant."  
"Isn't it awful the way people shove?"  
"Yes. They're engaged. It's just announced. I don't see what he sees in her."  
"It's perfectly scandalous the prices asked for things. I'll be bankrupt."  
"Did you see a package, I left her. I laid it down when I was looking at that bag. What shall I do? It's Jim's present."  
"Oh! See that dolly? Will Kris Kringle bring her a dolly like that?"  
"I always get people the things I want myself."  
They are epitomes of human nature, the shops these days. Just wander through them, and listen, and you'll hear the whole gamut of the world's joys and sorrows.

For each of us is unconsciously showing ourselves in this gift-giving. The generous long to give all. They'll decide silently they can do without this or that, themselves, in order to have more to give to others. The selfish give as little as possible. They subtract from each gift to add to something for themselves. The calculating plan carefully to give a fair return for what they received last year. The improvident wish they hadn't been so wasteful, that they might have more now. The poor look with longing eyes, the rich with weary ones; the one has nothing, the other, all. Inexperienced men shoppers take what shrewd saleswomen thrust upon them, and go away, feeling helplessly that they haven't what they want, but can't remedy it.

It's the world in little. At no time, do we get quite so much of it compressed into small space. There is humor and there is pathos. There is much to learn of our brotherman. We can go away from the study, with broader sympathy and a deeper insight into this queer human nature of ours.

## YOUNG GIRL SUFFERING WITH NERVOUSNESS MAKES ATTEMPT UPON HER LIFE

Deliberately planning self-destruction, it is said, because of trouble at home, Miss Emma McIntosh, a telephone operator at the Newark Telephone exchange, fired a bullet into her left breast in her bedroom at her home, 144 South Second street about 11 o'clock Saturday morning.

The shot was heard by her mother, Mrs. Xenophon McIntosh, who was ironing in the kitchen. She rushed upstairs and found her daughter on the floor with the bullet wound in her breast. Dr. J. P. H. Stedem was hurriedly called and he immediately ordered the young woman removed to the Sanitarium. Here Dr. Stedem and Dr. D. M. Smith made a careful examination and though the patient suffered a profound shock from the wound, it is thought that she will recover.

What led the woman to attempt self-destruction is not clear to her friends or the members of the family. She has been working regularly, being on duty last night at the information operator's desk.

According to friends, she has not been in the best of health for some time past, though she worked regularly. It was noticed that she was suffering from nervousness. It is also intimated that a young man with whom she has been keeping company for some time had ceased his attentions to her and was keeping company with another. Whether this had anything to do with the rash act is not known.

She returned to her home after working all night at the usual hour this morning. She went to her room

as usual. Later in the morning she went to her mother's room and secured the revolver which was kept in a box.

A small bottle which had borne a poison label was found in her bed, but the part of the label which contained the name of the poison and the drug store from which it was obtained had been obliterated and a part scratched off. Nothing about the odor of the contents revealed its nature. It was untouched, the original contents being intact.

When the doctor pronounced the wound serious, Criss Brothers & Jones' ambulance was called and she was hurried to the Sanitarium. There it was found that the bullet had entered the left breast to the left of the medial line and passed straight through the body, passing under the heart. The bullet was found on the floor of the room where the shooting occurred.

The wound was dressed and the patient was placed in a ward at the hospital, where the outcome of the injury is awaited.

Miss McIntosh is a daughter of Mr. and Mrs. Xenophon McIntosh. Her father is a carpenter. She has been employed at the telephone office for several years and was regarded as an efficient operator. After the installation of the automatic system she was assigned to the information operator's desk, where she was on duty at night.

She is a young woman of pleasant and attractive disposition and made friends with those with whom she came in contact.

## RUSSIA MAY SEVER FOREIGN RELATIONS WITH UNITED STATES

Washington, Dec. 16.—What in diplomatic language is interpreted here as a threat by Russia to sever all foreign relations with the United States in the event that congress goes ahead with its plan to abrogate the treaty of 1832 with that country, has been made to President Taft and Secretary of State Knox by the Russian ambassador. He protested against the Sulzer resolution for the abrogation of the treaty on the ground that its final adoption would be inconsistent with the long friendship that has existed between the United States and Russia.

While neither the President nor Secretary of State Knox was alarmed today over the turn of affairs, it was said at the White House that a determined effort would be made by the senate leaders to modify the Sulzer resolution. Action on the Russian treaty is scheduled in the senate for Monday next.

The Russian ambassador's protest was made to Secretary Knox last night and later the ambassador and the secretary called at the White House and took the matter up with the president in a conference which extended late into the night.

That the United States was leaning strongly to the hope that American Ambassador Guild would be successful in obtaining a modification of the passport regulation with the St. Petersburg government was indicated by a member of the cabinet today. One member of the senate's suggestion was that the Russian government agree to admit to Russia American Jews whose character and standing was vouched for by the United States.

When he learned of the White House conference, today Sherman Sulzer said: "The resolution follows the language of three similar resolutions abrogating treaties with Belgium, France and Switzerland. I have no doubt that the senate will pass it without modifying it. What the

House will do if it is modified I cannot say."

The close vote on an attempt to modify the measure was 114 ayes and 135 nays. The Sulzer resolution providing for the term of the treaty was passed by the House December 13 by a vote of 300 to 1. Republican Leader Mann of the House expressed the hope today that "the Senate will strike out before it passes the Senate." He said it was not within the province of congress to declare Russia had violated the treaty.

## Daddy's Bedtime Story

A Little Boy Who Could Play The Piano

The Empress Held the Boy Pianist in Her Lap

THERE had been talk in the household of Master Jack taking music lessons.

"What's the good of a boy learning to play?" Jack argued. "Piano playing's for girls."

Evelyn replied coldly: "I s'pose boys are too dull to learn. Girls are cleverer than boys anyway."

"Some little boys are first rate piano players," said daddy. "One of the very best that ever lived was a boy. He could play the piano finely and could make up beautiful music of his own. This his father taught him to write out on paper in notes on bars so that it looked just like the pieces that Evelyn's teacher brings for her. Only I suppose the little fellow's notes were not nice and even like the printed ones, but far and wabbly like a little fellow who had not yet learned to write might be expected to make. Before he was six he had composed many simple little pieces."

"This little boy loved to play the piano, and when his little sister Nannerl began to take music lessons the little boy would listen to her teacher and, after the lesson was over, play the piece quite as well as the little girl did, although she was older. Their father, who was himself a fine player on the violin and a music teacher, helped the gifted little boy, who, at the age of six, could play better than most grown persons. Nannerl was also very clever, and the parents of these two wonderful children took them to various cities where they played in concerts of their own. Every one went wild about the children, who were as beautiful as they were clever. When they played before the Empress Maria Theresa, the lady who then ruled Austria, she was so charmed with the lovely little boy that she held him in her lap while he played for her one of his own pretty pieces. She petted and made much of the children."

"When only five years old the little boy composed little minnets, music for the stately dances then fashionable. The story is told of how his parents were awakened one night by distant music and, rising, found their little boy seated in his nightgown before the musical instrument. When asked why he had got up he said that he had thought of some beautiful music, and he wished to get up and play it over so he would not forget it."

"The name of this wonderful boy was Mozart, and although he died when a young man, he has left some of the most beautiful music ever written. His 'Requiem Mass,' which is still played in churches, was his last work."

"Although he lived over a hundred years ago and was always poor and had to work hard, he is still loved and admired, while the rich lazy bones who hung about the kings and queens for whom he played and who sneered at the poor musician are all forgotten."

## THE GREAT WHITE PLAGUE.

Changes Produced in the Lungs By the Germ of Tuberculosis. The bacillus Tuberculosis is a parasite plant which in pulmonary tuberculosis feeds on the young tissues. At the same time it casts off substances which not only lessen resistance locally, but which, when they get into the blood and circulation, are largely responsible for the symptoms of the disease.

When the germs get into healthy lungs even though they gain a foothold they are usually overcome by the tissue cells and fluids.

But when the germs get into the lungs of persons whose health or resistance is below normal, the germs often gain the victory. The cementary change produced in the lung tissue is a little nodule, about the size of a pin's head called a tubercle. This tubercle can break down into an ulcer or small abscess. If many of these are near together a cavity in the lung may be formed.

In healing or curing the tubercles, ulcers, and abscesses are replaced by ordinary scar tissue such as that by which wounds on the surface of the body are replaced.

## EXTENSION OF ADMINISTRATIVE CHARITY WORK

Most people throughout Ohio are not fully aware of the magnitude of the growing work of Charities and Correction. From this, Licking county, some of the attendants upon the State Conference in recent years have been, Judge E. M. P. Brister, Frank B. Dudgeon, T. B. Fulton, and D. M. Keller.

Recent expenditures in and for this county are as follows:

Township trustees	\$ 1,668.41
Infirmary	10,329.20
Jail	5,124.25
Children's Home	10,302.93
Blind relief	8,182.00
<b>Total</b>	<b>\$35,606.84</b>
State institutions	\$ 43,360.20

Total .. \$78,967.04  
During the year the total disbursements of public funds were \$5,901,100.94. And enough was added through non-official associations to make a total of over ten millions in a single year. The township trustees alone expended \$361,821.44. One township alone, Newark, of Licking county, expended \$389.09. The number of people in Ohio, old and young, receiving some degree of aid or discipline was 122,012. Is it strange that taxes are high?

The aim now is to control the volume of such expenditures, especially to save some of Ohio's citizens, especially of the young. One means must be the extension of the administrative work of what is called the "Associated Charities." It is needed in the open country as well as in the cities. The aid of pastors and of all officials and well-wishers of our people is invited. Further information can be had free of any charge whatsoever, by addressing C. N. Pond, secretary, Oberlin, Ohio.

## SHOOTING SHOW GIRLS

Continued from Page 1.)  
which the girls had shot Stokes and punctuated his recital of the shooting and his scorching denunciation of both Stokes and the girls by frequent snaps of the trigger.

"Law must be enforced to be ennobled, not to be laughed at, giggled at, spat upon and danced upon and sung over on the vaudeville stage," were some of Mr. Buckner's words. He referred to the contention of counsel for the defense that Mr. Stokes could not be punished and that the girls had been punished enough. He said:

"Perhaps it is no punishment for a man with a six-months' bride and a 14-year-old son to have such things hawked about him in every village and hamlet as have been published in this case. And how have these girls been punished? While Stokes was nursing his wounds they hung his bloody trousers outside of the theater and asked the people to deposit their money in the box office."

Judge Marcus said in his charge to the jury that the only theory of the defense was self-defense. He declared that all the other matters brought out in the case were relevant only to show the relations of the parties. He cautioned the jurors not to let their emotions overrun their reason simply because the defendants were women.

Stokes was shot when he called at the apartments of the show girls on the night of June 7. He said he had gone there, at the invitation of Miss Conrad, with the expectation of getting letters he had written to Miss Graham and that when he got there the girls laid before him a demand for money, with a flourish of revolvers and a threat to shoot. The girls declared that Stokes attacked them and that he seized their revolvers long enough to fire two shots, and they shot also, several bullets taking effect in the millionaire's leg.

More favorable word as to Mr. Stokes' condition was given out late last night. Dr. Josiah Thornley, the attending physician, said his patient is progressing favorably and is well on the road to recovery.

"Mr. Stokes is ignorant of the acquittal of Lillian Graham and Ethel Conrad," added Dr. Thornley, "and did not even know that the case had gone to the jury. I don't care to jeopardize the chances of my patient's recovery by discussing the case with him or allowing anyone to do so."

## "SEAL THE FATE OF TUBERCULOSIS"

With the sale of the Red Cross Christmas Seal in full swing over the entire State of Ohio, every indication points to record-breaking results.

We recently learned from Robert G. Patterson, executive secretary of the State Tuberculosis society, that there are twenty-five county agents and more than one hundred city agents at work in various parts of the State. He estimates that an army of more than 10,000 individuals are giving some portion of their time to advancing the sale of the seals.

Offers of co-operation are coming from all sides—individuals, firms, newspapers, theatres, hotels, banks,—in fact, that rare spectacle in American life, the co-operation of the people of the entire State, is being put into full effect in this tuberculosis campaign.

We hope the people of our county will be in the van-guard in this great undertaking and that the number of seals disposed of will exceed that of any other county in the state.

Buy your seals today!  
Dr. Hall, of New York, the man who answers all questions from the Bible, will deliver his famous lecture, "When Eden Comes and Dead Men Live," in the high school auditorium Sunday, Dec. 17, at 3 p. m. Ministers specially invited to ask questions on his subject. 15-2t

## GRANVILLE

H. C. GARDNER, FORMER GRANVILLE CITIZEN, DEAD AT NASHVILLE.

Church Choir Will Give Xmas Cantata—News of the Historic College Town.

Granville, Dec. 15.—Word has been received here that Henry C. Gardner, a former well known resident of Granville, had died in a hospital in Nashville, Tenn., on Tuesday of this week, after an illness of some time. The deceased was a son of the late Myron Gardner, who many years ago conducted a cooper factory in Granville. At the breaking out of the civil war he enlisted in a regiment that was being recruited in this county, and served throughout the war. At the close of the war he married a Miss Margaret Johnson, a member of a prominent family in Nashville, and remained there until the time of his death. He had for many years been an active Mason. He is survived by two sisters, Mrs. Mary Stevens, and Mrs. Mary Burbank, both of Santa Barbara, Cal., and one brother, George Gardner of Bradford Junction. The sisters visited in Granville some years ago, the guests of Mrs. Pond.

Mr. and Mrs. Jacob Lytle, of near Bowling Green, O., who have been visiting relatives and friends in Granville and vicinity for some days, returned home Friday.

Mrs. Norman Foss of Kansas City, Mo., who has been the guest of Mrs. Sylvester Kline and sister, Mrs. William Showman at her home on North street for some time, left for home Friday morning.

Miss Daisy Oden of Plymouth, O., after a short but pleasant visit here with her friend, Miss Harriet Wilson, returned home Friday.

Quite a number of former residents of Granville are arriving here from different parts of the country to spend the Christmas vacation at their old home.

About twenty members of the local chapter of the Daughters of the American Revolution went down to Newark Thursday afternoon and attended a meeting of Hetuck Chapter, D. A. R., of that place. At the close of the meeting supper was served by the members of Hetuck Chapter, at which the Granville ladies were guests.

Miss Harriet Rogers, who was injured by a fall at Bacon, Oklahoma, some time ago, has been given leave of absence, and has returned to Granville, where she will remain until she has completely recovered from her accident.

Mr. and Mrs. H. F. Myers and son, William, of Lima, O., were in the village Friday for several hours, on their way home from an extended visit with relatives in the east.

Mrs. Mary Follett Orton, of Wooster, Mass., was in Granville this week from Monday until Thursday, the guest of Mrs. A. K. Follett. Mrs. John Owens accompanied her to Columbus where Mrs. Orton is visiting her mother.

Miss Bessie Davis of Newark, has been here during the past week visiting at the home of Mr. and Mrs. Leonard Davis.

A Christmas cantata, entitled "The Angelic Choir," by Carrie B. Adams, will be given by the choir of the Methodist Episcopal church, under the efficient leadership of Mrs. C. D. Coons, on Sunday evening, December 17.

17, at 7 o'clock. The members of the choir have been rehearsing this cantata for some time and something out of the usual is promised. The cantata will take the place of the usual Christmas program given by the Sunday school.

It is quite probable that a meeting of the recently elected members of the Village Council and the newly elected Mayor, Judge J. M. Swartz, will be held some time during the coming week for the purpose of arranging for the appointments that will be made by Mayor Swartz the first of the year. As soon as this meeting is held Mayor Swartz will be able to announce his appointments.

## RED CROSS SEAL

Red Cross seals should be attached to Christmas packages and to letters in the holiday season. They cost a penny each and the money goes to fight tuberculosis. The seals are on sale at the Advocate office. Last year Newark's record was not good, less than \$25 being realized from the sale of seals. Help to make a better showing this year. Every penny counts. 1622

## EXHIBITS FROM ALL COUNTRIES FOR EXPOSITION

Washington, Dec. 15.—"So great is the interest shown in the Panama-California international exposition," said Col. D. C. Collier, of San Diego, president of that enterprise, on his arrival in Washington, "that we could hardly stop its expansion if we would."

We had no thought at first of including exhibits from countries beyond the western hemisphere, but in addition to the participation officially of the Latin-American republics, we are assured of many valuable and interesting exhibits from the countries of Europe, Africa and Asia. "I do not mean that all the nations of the world are going to make official or national exhibits," but there will be many great private and semi-official exhibits, in many cases more unique and of greater human interest than the displays usually made under strictly official auspices.

"Practically all of the countries in the world will be represented by unofficial exhibits. For instance, a company is being organized to bring from Hawaii a comprehensive exhibit of Hawaiian institutions and products, which will be exhibited in the form of a big Hawaiian native village and bazaar. A representative of the island of Java is in San Diego at the present time making arrangements for an attractive exhibit and representatives of China and Japan have already been in consultation with the exposition officials. Russia, Turkey, Egypt and other countries have also taken up negotiations and it has become evident that the foreign representation will be large and intensely interesting.

"Part of the general plan for the exposition buildings and grounds is to have a great concrete viaduct or bridge leading from Laurel street, one of the principal thoroughfares of San Diego, directly to the main entrance of the exposition grounds. This splendid viaduct will be nearly 1,000 feet long. The only structure with which I can compare it is the magnificent 'million dollar' Connecticut avenue bridge in the city of Washington. This viaduct will be 150 feet wide and about 130 feet high. It will be completed by the fall of 1912.

"Other construction work is well in hand. There is no lagging. Foundations have been put in for the administration building, and work on the California building is being started to begin in the spring. In the park, which is the site of the exposition, an army of men is now employed, planting palms, ferns and rare trees and shrubs, in order that the setting for the magically beautiful exposition city shall be as perfect as the hand of man can make it by 1915. The results already accomplished have impressed some of the original doubters as almost marvelous. Terracing and road building have begun. Trees of various kinds are being set out along the borders of the big 1,400 acre park, around which will run the great boulevard. The central thought dominating the management is not only to have a great exposition, but to have it ready, complete, perfect, on the day the gates are thrown open to the public."

Since he became identified with the exposition, Col. David Charles Collier has become a national figure. Still a young man, he has accumulated a fortune by the exercise of the same characteristics which are helping to make the exposition a success. Being proud of his city and ambitious to see it become great and being enthusiastic on the subject of the exposition itself, he has worked for the latter since the inception of the plans for it without salary or an expense allowance in the endeavor to make it the most beautiful and unique world show ever built. Already over \$2,500,000 has been raised for the exposition, and the total cost of it will be, from present prospects, over \$7,000,000.

## LODGE NEWS

Degree of Pocahontas.

Newark council, No. 47, D. of P., held their last regular meeting on Dec. 7. The annual election took place when the following officers were elected: Prophetess, Carrie Baisch; Pocahontas, Hulda Shrock; Wenonah, Louise Deck; keeper of records, Maggie Jones; keeper of Vampum, E. Moore; representative, Katie Johns; captain of team, J. P. Baker.

Fifteen past chiefs were present to vote on the great chiefs of Ohio. The next meeting will be held Dec. 21.

Octagon Tent, K. O. T. M.

Central Rebekah lodge, No. 274, Daughters of Rebekah of Centerville, has elected the following officers: N. G.—Georgia Hubb.  
V. G.—Celia Christman.  
Recording Secretary—Grace Cotton.  
Financial Secretary—Gertrude Saunders.  
Treasurer—Margaret Berry.  
Trustee—Sarah Higgins.  
Deputy President—Tirzah Selby.

Daughters of Veterans.

The Daughters of Veterans met Tuesday evening with the president, Miss Bessie Dawson, presiding. After roll call and the regular transaction of business, the election of officers for the coming year was amicably disposed of. The executive committee gave a report of the picture show entertainment recently given, which proved a financial success and the Tent gave a unanimous vote of thanks to Mr. Bidder for his very great kindness shown us. The next meeting will be Dec. 26 and "we would like all members to be present and help to make it a successful meeting."

Roland Lodge.

A very interesting meeting was held Tuesday evening. The attendance was small, owing to the weather. The page rank was conferred on one candidate in a very impressive manner. Next Tuesday evening the page rank will be conferred on one candidate and the esquire rank on two candidates. The chancellor commander would like a large audience to assist in the work. Just a little boosting from every member will put Roland lodge well to the front in the domain. December 26 will be the last meeting of the year. Let us make it one not to be forgotten.

Daughters of Rebekah.

Octagon Tent, K. O. T. M., held a very interesting review Wednesday evening, December 13, with thirty members present. Three candidates

were given the first degree. Three others were elected to membership. On account of Sir Knight Deputy Powell going to meet the Great Camp degree team as one of its principal actors, the review for the coming week will be held on Tuesday evening. Sir Knights, remember the date of the next review, Tuesday evening, December 19.

## RAILWAY AFFAIRS.

General Manager A. W. Thompson of the Baltimore and Ohio railroad, announces the appointment of C. C. Riley to the office of assistant to general manager, with headquarters at Baltimore. The appointment is effective at once, as Assistant General Manager Mr. Riley will have supervision over matters of transportation efficiency particularly with reference to the utilization of equipment, its distribution and proper loading and movement over the road and through terminals.

Born at Cumberland, Ind., on October 1, 1864, and after attending Butler College and Indiana College of Physicians and Surgeons, the new assistant to General Manager of the Baltimore and Ohio entered railway service in the operating department of the Cleveland, Cincinnati, Chicago and St. Louis railway (Big Four) in 1888, remaining in the employ of that line until 1897, at which time he became superintendent of car service of the Baltimore and Ohio Southwestern Railroad at Cincinnati. From 1901 to 1908 Mr. Riley was car service agent for the Chicago Great Western railway, resigning to accept a similar position with the Erie railroad. He was later promoted to Superintendent of Transportation of the Erie railroad. In 1908 he left the Erie to become superintendent of transportation of the Kansas City Southern railway, later being promoted to the office of general superintendent of the same road. He left the Kansas City Southern railway to go to the Baltimore and Ohio.

How They Started.

The following shows how some of the great railroad men of today began their careers:

"President George W. Stevens, of the Chesapeake and Ohio, was a telegraph operator at Peru, Ind.; President Daniel Willard, of the Baltimore and Ohio, the Southwestern and the Cincinnati, Hamilton and Dayton roads, was a section man; President William C. Brown, of the New York Central, began as an office boy; President B. L. Winchell, of the Frisco, started as a clerk, and President Darius Miller, of the Burlington, started as a stenographer in the general freight office of the Michigan Central."

ECZEMA CAN BE CURED TO STAY, and when I say cured, I mean just what I say—CURED TO STAY, and not merely patched up for awhile, to return to the doctor's office again. I mean this: I will send you a FREE TRIAL of my medicine after putting ten years of my time on this one disease and handling in the mean-time a quarter of a million cases of this dreadful disease. Now, I do not care what all you have used, nor how many doctors have told you that you could not be cured, all I ask is just a chance to show you that I know what I am talking about. If you will write me TODAY I will send you a FREE TRIAL of my mild, soothing, guaranteed cure that will convince you more in a day than any other medicine could in a month's time. If you are disgusted and discouraged, I dare you to give me a chance to prove my claims. By writing me today you will enjoy more real comfort than you had ever thought this world holds for you. Just try it and you will see I am telling you the truth.

## Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Bloating, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other intestinal derangements, the "Discovery" is a time-proven and most efficient remedy.

## ROOSEVELT ON THE McNAMARA DYNAMITE CASE

New York, Dec. 16. — Theodore Roosevelt has an editorial article in the current issue of The Outlook relative to the McNamara case, entitled "Murder is Murder." The article says:

"Not only laboring men, but business men, capitalists, have at times shown the worst form of class consciousness that of sinister and brutal class selfishness in standing by criminals simply because they were of their own class. This has been done by capitalists in the case of brazen corruption, and by laborers in the case of labor leaders who have been guilty of murderous violence. The two offenses stand on a par from the standpoint of damage to the community. In San Francisco in one municipal contest the capitalists who desired to be free from all check on corruption and the labor leaders who desired to be free from all check on lawless violence struck hands and elected their ticket; and this proved in the end to be a lasting misfortune to San Francisco, to the cause of honest business and to the cause of honest labor.

"Since the startling outcome of the McNamara trial certain antagonists of these men have made themselves conspicuous by asserting that these depraved criminals, who have on their seared souls the murder of so many innocent persons—all of them laboring people by the way—are 'victims,' or at worst 'fanatics,' who should receive sympathy because they were acting in what they regarded as a 'war' on behalf of their class! The plea is monstrous in its folly and its wickedness. It is precisely the kind of plea sometimes advanced on behalf of a crooked man of great wealth caught bribing a legislature—that he has to do it to protect his business. We are not here dealing with any of the kinds of offenses incidental to the sudden and sweeping changes brought about by modern industrial conditions into which capitalists or laboring men are sometimes drawn without any very great conscious moral turpitude on their part. We are dealing with crimes as old as the lawgiving from Sinai, with crimes—murder and theft—that have been prohibited ever since the decalogue was formulated. The murders committed by men like the McNamaras, although nominally in the interest of organized labor, differ not one whit in moral culpability from those committed by the Black Hand, or by any band of mere cut-throats, and are fraught with an infinitely heavier menace to society. Yet, great though the menace is to the community, the menace to the cause of honest organized labor is still greater, and no duty is more imperatively laid on the leaders of labor than the duty of affirmatively freeing themselves and their followers from the taint of responsibility for such criminals and such crimes. The labor leaders who by their loud championship of the McNamaras—as previously of Moyer and Haywood—have succeeded in identifying them with the cause of labor in the eyes of the public have rendered an evil service to that cause. Mr. Debs and the extremists of his type among the so-called political Socialists—I say so-called because Debs and his followers of the Emma Goldman kind are not Socialists at all in any true sense of the word, but mere inciters to murder and preachers of applied anarchy—and the labor leaders affiliated with them, have always boasted of the part they played in the trial of Moyer and Haywood; and in this case they repeated their familiar tactics, and held mass-meetings, and scattered broadcast papers, and addresses in which they furiously denounced the effort to bring wrongdoers to justice, and sought to arouse every evil class instinct against all who upheld the cause of law or sought to put a stop to assassination and murderous violence. It is worth noting that since McNamara confessed his guilt Mr. Moyer, the head of what purports to be a labor organization, is reported in the press as commending upon it, not by denouncing McNamara for having committed the murder, but by denouncing him for having confessed it! Such denunciation is significant.

"Murder is murder, and the foolish sentimentalists or sinister wrongdoers who try to apologize for it as an 'incident of labor warfare' are not only morally culpable but are enemies of American wage-workers. In honorable contrast to these men stand the various labor leaders who have never asked for more than a fair trial for the McNamaras, whose purpose has only been to bring justice, and who now sternly demand that murder shall be punished when committed in the nominal interest of labor precisely as under any other circumstances. I believe with all my heart in the American workingman. I believe with all my heart in organized labor, for labor must be organized to protect and secure its rights; and therefore with all my strength I urge my fellow-citizens, the American men and women who earn their livelihood as wage-earners to see that their leaders stand for honesty, and obedience to the law, and to so force like flint against any effort to identify the cause of organized labor, directly or indirectly, with any movement which in any shape or way benefits by the commission of crimes of lawless and murderous violence."

### W. C. T. U. NOTES

The W. C. T. U. held its regular Tuesday afternoon meeting in the Post Room, with a good attendance. Mrs. King led the devotional part of the meeting, reading for her lesson the 17th chapter of St. John. The principal part of the meeting was taken up in hearing reports of the officers and superintendents, many giving very satisfactory reports. The next meeting will be held on Tuesday afternoon of next week.

## NO HEARTBURN DYSPEPSIA OR SICK STOMACH

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin, and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headache, Dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at your drug store, waiting for you.

The large 50-cent cases of Pape's Diapepsin contain more than sufficient to cure any case of Dyspepsia, indigestion or any other Stomach trouble.

## CUTICURA OINTMENT HEALED BAD SORE

Scraped Flesh Off Bone Below Knee.  
Suffered So She Couldn't Sleep.  
Also Says: "I Believe Cuticura Soap Is the Best Soap Made."

"Some time ago I was coming up some steps when the board cracked under me like an egg shell, and my foot had went through to the knee, and scraped the flesh off the bone just below the knee. I neglected it for a day or two, then it began to hurt me pretty badly. I put balsam on it to draw out the poison, but when I had used it a week, it hurt so badly that I changed to Cuticura Ointment. That was a smart and burn so badly that I couldn't use it any more, and that was the fourth week after I was hurt. Then I began to use Cuticura Ointment for the sore. It stopped hurting immediately and began healing right away. It was a bad-looking sore before Cuticura Ointment healed it, and I suffered so I couldn't sleep from two days after I felt until I began using Cuticura Ointment. Cuticura Soap is the best soap I ever saw. I have used all kinds of soap for washing my face, and always it would leave my face smarting. I tried to keep a lather to stop the smart, no matter how expensive a soap I used. I find at last in Cuticura Soap a soap that will clean my face and leave no smarting, and I do not have to use any lotion or anything else. I believe Cuticura Soap is the best soap made." (Signed) Mrs. M. E. Fairchild, 805 Lafayette St., Wichita, Kan., May 8, 1911.

Cuticura Soap and Ointment are for sale throughout the world, but to those who have suffered much, lost hope and are without faith in any treatment, a liberal sample of each together with 32-p. Booklet will be mailed free, on application. Address: Pottery Drug & Chem. Corp., Dept. 22A, Boston.

## BIBLE EXPERT TO GIVE TALK HERE

Dr. F. A. Hall Will Lecture at the  
High School Auditorium Sunday  
Afternoon.

Dr. F. A. Hall, of New York, a Bible expert who is known to thousands of reverent Bible students all over the United States, has been assigned for one Free Bible Lecture in this city, and he will speak in the High School Auditorium at 3 p. m. Sunday. The local members of the

International Bible Students' association are active in preparing for the event and anticipate a rare treat for all those who go out to hear him and it is expected that there will be a large crowd out.

Dr. Hall is a fluent and powerful speaker who literally rains down scriptural texts to prove ever assertion he makes. He will select as his topic for his lecture here, "When Eden Comes and Dead Men Live."

Dr. Hall will show how the dead are raised and with what body they will appear (1 Cor. 15:35), he touches on the fall of the Angels, of their practices before the flood, he explains about haunted houses, spiritism, psychic phenomena, etc. He explains about the "Mystery of God," why the Bible is so difficult to understand, how to study it intelligently, and how truly reasonable are all its teachings when rightly understood.

In one Oklahoma town recently, the business men closed their stores so that all could turn out en masse to hear this wonderful Bible expositor. If these things are in the Bible, the people need to know them.

This is a marvelous age and new revelations are poured out upon the world in science, in mechanics and in discoveries, and should it be a strange thing that God is now calling our attention to marvelous and wonderful things in His word, hitherto covered up. "The Bible has no moss on it," says Dr. Hall, "it is the newest, freshest and most dependable and up-to-date book in the world today."

Do not fail to hear this noted speaker for yourself, then judge for the world in science, in mechanics and in discoveries, and should it be a strange thing that God is now calling our attention to marvelous and wonderful things in His word, hitherto covered up. "The Bible has no moss on it," says Dr. Hall, "it is the newest, freshest and most dependable and up-to-date book in the world today."

Backache, tired feeling, nervousness, loss of appetite, warm of kidney trouble that may end in dropsy, diabetes or Bright's disease. Beware; take Electric Bitters and be safe. Every bottle guaranteed. 50c. at F. D. Hall's.

## SAGE TEA WILL DARKEN FADED AND GRAY HAIR

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skilled chemists better than we could do it ourselves and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today, and notice the difference after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Special Agent—F. D. Hall, 10 North Side Square.

## DANNY MAHER IS THIRD IN WINNING MOUNTS ABROAD

Had 99 Firsts Under the Wire—Millions Wasted in Education in Great Britain.

London, Dec. 16.—With the flat racing season at an end, sporting men are discussing the usual array of statistics published by the papers. In the list of winning jockeys, Danny Maher, the American rider, is third with firsts under the wire, but second in percentage.

For the preceding seven years Maher has been first in percentages, was second to Wootton in 1909, although in winning mounts he and 1910. For the first time since 1903, Maher has failed to ride 100 winners, the number this season being one short of the century mark. Since 1900, when he made his first appearance on an English race course, Maher has ridden 1,977 winners, an average of 99 a year. Wootton in six years has ridden 673 winners, an average of 112 a year. Wootton had by far his most successful year this season, having been up on 187 winners out of 746 mounts.

The taking on of weight may relieve Maher of his greatest rival, as it is said that on this account Wootton may not be able to ride more than one more season. In order to insure even this brief extension of the racing season he will be compelled to spend the winter in India, where he will get sufficient work to keep him down to weight. Maher also finds it increasingly difficult to keep to weight. To avoid taking on fat he will spend the winter hunting.

It was clear many weeks ago that Earl Derby, senior steward of the Jockey club, would head the list of winning owners. His aggregate of \$213,000 is nearly double the amount which placed him second to Mr. Paire last year. No owner has had such a leap to his credit since 1896, when Leopold de Rothschild topped the list with a total of \$223,000. Two horses, Stoodfast and Swynford, won most of Lord Derby's money for him.

That millions are wasted under the present system of education in Great Britain was the subject of a statement recently made by Sir John Gorst, formerly vice president for education. This has added fuel to the fire of criticism to which the plan for universal education has been exposed since its inception.

Sir John said among other things: "The majority of those who care for the welfare of the people and are experts in education consider that the greater part of this money, under the present system, is wasted and might as well, so far as education is concerned, be thrown into the sea. Physical growth of the children of the nation is, except in the more advanced of our great cities, insufficiently provided for. A stunted and stunted race is being allowed to grow up as a legacy for the next generation to deal with, for in most elementary schools children are only drilled, not educated."

"Originality of teacher and children is sternly repressed. The new education by work first and books afterwards, introduced into the schools of Bavaria and spreading over Germany and elsewhere is only partially known in British and Irish schools. The higher and university schools are still fettered by medieval systems, which make the acquisition of learning to be produced at examinations the main work of students."

With the incoming of the new minister of education, Sir John proposes a radical revolution in the manner and methods of administering the educational grants.

The successful transatlantic voyage of the Toiler, an internal combustion motor ship which was built at Walston-on-Tyne for carrying grain on Canadian canals, has given impetus to the building of similar crafts by British shipyards. The Toiler was especially designed as a large cargo carrier and the saving in engine room by the installation of gas engines made for economy in space. The vessel will carry 97,000 bushels, or an increase of 15,000 bushels over a steam-driven ship of

her dimensions. In addition to the savings in stokers' wages, there is the reduction in fuel costs, the boat running on two tons of oil per day in comparison with a steamship's eight or nine tons of coal.

Keen interest is being taken in the Indiana, a twin screw motor ship which will have its trials next month from the Clyde shipyard, where she is being built. She is the pioneer of motor ocean carriers, and her success may mean a revolution in marine engineering.

## BOWLING

Last night on the Music Hall alleys the Athletics took two games from the Cardinals in the Moulders' Duck Pin league. Catton had high score and was also high average man. This game is becoming one of the most popular sports in the city. The Moulders' Ten Pin league and Quintette league will start on these alleys next week. The score:

## \$3.50 RECIPE FREE, FOR WEAK KIDNEYS.

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

## Stops Pain in the Bladder, Kidneys and Backs.

Wouldn't it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or stinging passage of urine; the force head and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency? I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$2.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, 1429 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

## SOME VITAL FACTS FROM WASHINGTON

(By C. H. Tavenner.)

Washington, Dec. 16.—By what pos-  
 sibility could the United States be-  
 come involved in trouble with foreign  
 nations through participation in the  
 celebration of the discovery of Lake  
 Champlain? Or by sending delegates  
 to the International Congress on Col-  
 lisions and Salvage? Or by having a  
 representative at the meeting of the  
 International Seismological associa-  
 tion, which has to do with earth-  
 quakes?

Congressman Courtney W. Hamlin  
 of Missouri, has asked the Republi-  
 cans of the House for an answer to  
 these queries. He has a reason.  
 President Taft and Secretary of  
 State Knox spent large sums of money  
 for the above mentioned purpose, and  
 when Mr. Hamlin, as chairman of the  
 Committee on Expenditures in the  
 State Department, asked how the  
 money was spent he was denied all  
 information.

"We couldn't possibly give you any  
 information as to these expenditures,"  
 declared Mr. Taft and Mr. Knox, in  
 chorus. "Couldn't possibly think of  
 it! You see these expenditures were  
 made under a statute which permits  
 us to withhold all details on the  
 ground that it might involve us in  
 trouble with foreign nations!"

Mr. Hamlin said he found that the  
 State Department spent \$125,000 se-  
 cretly every year, and he declared it  
 was ridiculous to assert that some of  
 the things for which this money was  
 spent "might involve us in trouble  
 with foreign nations."

"We, of course, do not know," said  
 Mr. Hamlin, "whether the \$10,000 ex-  
 penditure, authorized by secret certi-  
 ficate, of President, for participation  
 in the celebration of the discovery of  
 Lake Champlain was spent for the  
 purpose for which it was appropriated  
 or not, but I suspect that in all hu-  
 man probability this \$10,000 was spent  
 in paying railroad fare, hotel bills,  
 automobile hire, banquettings, wine,  
 etc."

"To permit any man, even though  
 he be the president of the United  
 States, to spend an average of \$339.45  
 of the people's money each and every  
 day of the year, without compelling  
 him to account to anybody as to how,  
 and for what purpose he expended  
 this money, does not accord with my  
 idea of properly guarding the treasury."

## LARGER EXCISE TAXES INCREASE THE STATE CASH

Gain of \$134,000 Over Last Year  
 Shown by Auditor Fullington's  
 Report.

Columbus, Dec. 16.—Due to the  
 difference in the time of the pay-  
 ment of the excise tax and an in-  
 crease in the total of that tax as  
 well, one of the largest cash bal-  
 ances known for several years is  
 shown in the annual report prepared  
 by State Auditor Fullington. But for  
 the fact that approximately appropria-  
 tions of \$6,000,000 have not yet  
 been paid, the total would be still  
 greater.

The balance in the treasury Nov.  
 15, 1911, according to the report, is  
 \$3,768,116.37, compared with \$3,-  
 663,167.33 in 1910, showing a gain  
 of \$104,949.04.

Total receipts from all sources  
 during the fiscal year were \$13,037,-  
 293.01 and disbursements were \$12,-  
 932,343.97. The unexpended bal-  
 ance in the treasury, appropriated  
 but not expended, is \$7,591,441.58.  
 Actual cash in the treasury, \$3,367,-  
 526.09.

Although estimates of receipts  
 from all sources for 1912 are \$16,-  
 996,216.37, or less than the esti-  
 mate of total disbursements for next  
 year, which are \$17,227,780.19, it  
 does not necessarily follow that  
 there will be a deficit, according to  
 the report. The estimated deficit of  
 \$231,569.82 may not only be re-  
 duced, but a condition wholly as  
 satisfactory as that shown by the re-  
 port for the present fiscal year may  
 result. It is argued that a cutting  
 down of disbursements in one de-  
 partment would overbalance those  
 figures and convert them to the  
 other side of the ledger.

Receipts of the general fund, from  
 all sources, including the balance,  
 were \$12,669,982.73. Of that amount  
 a total of \$788,059.60 was collected  
 by the various state departments  
 and expended by those departments.

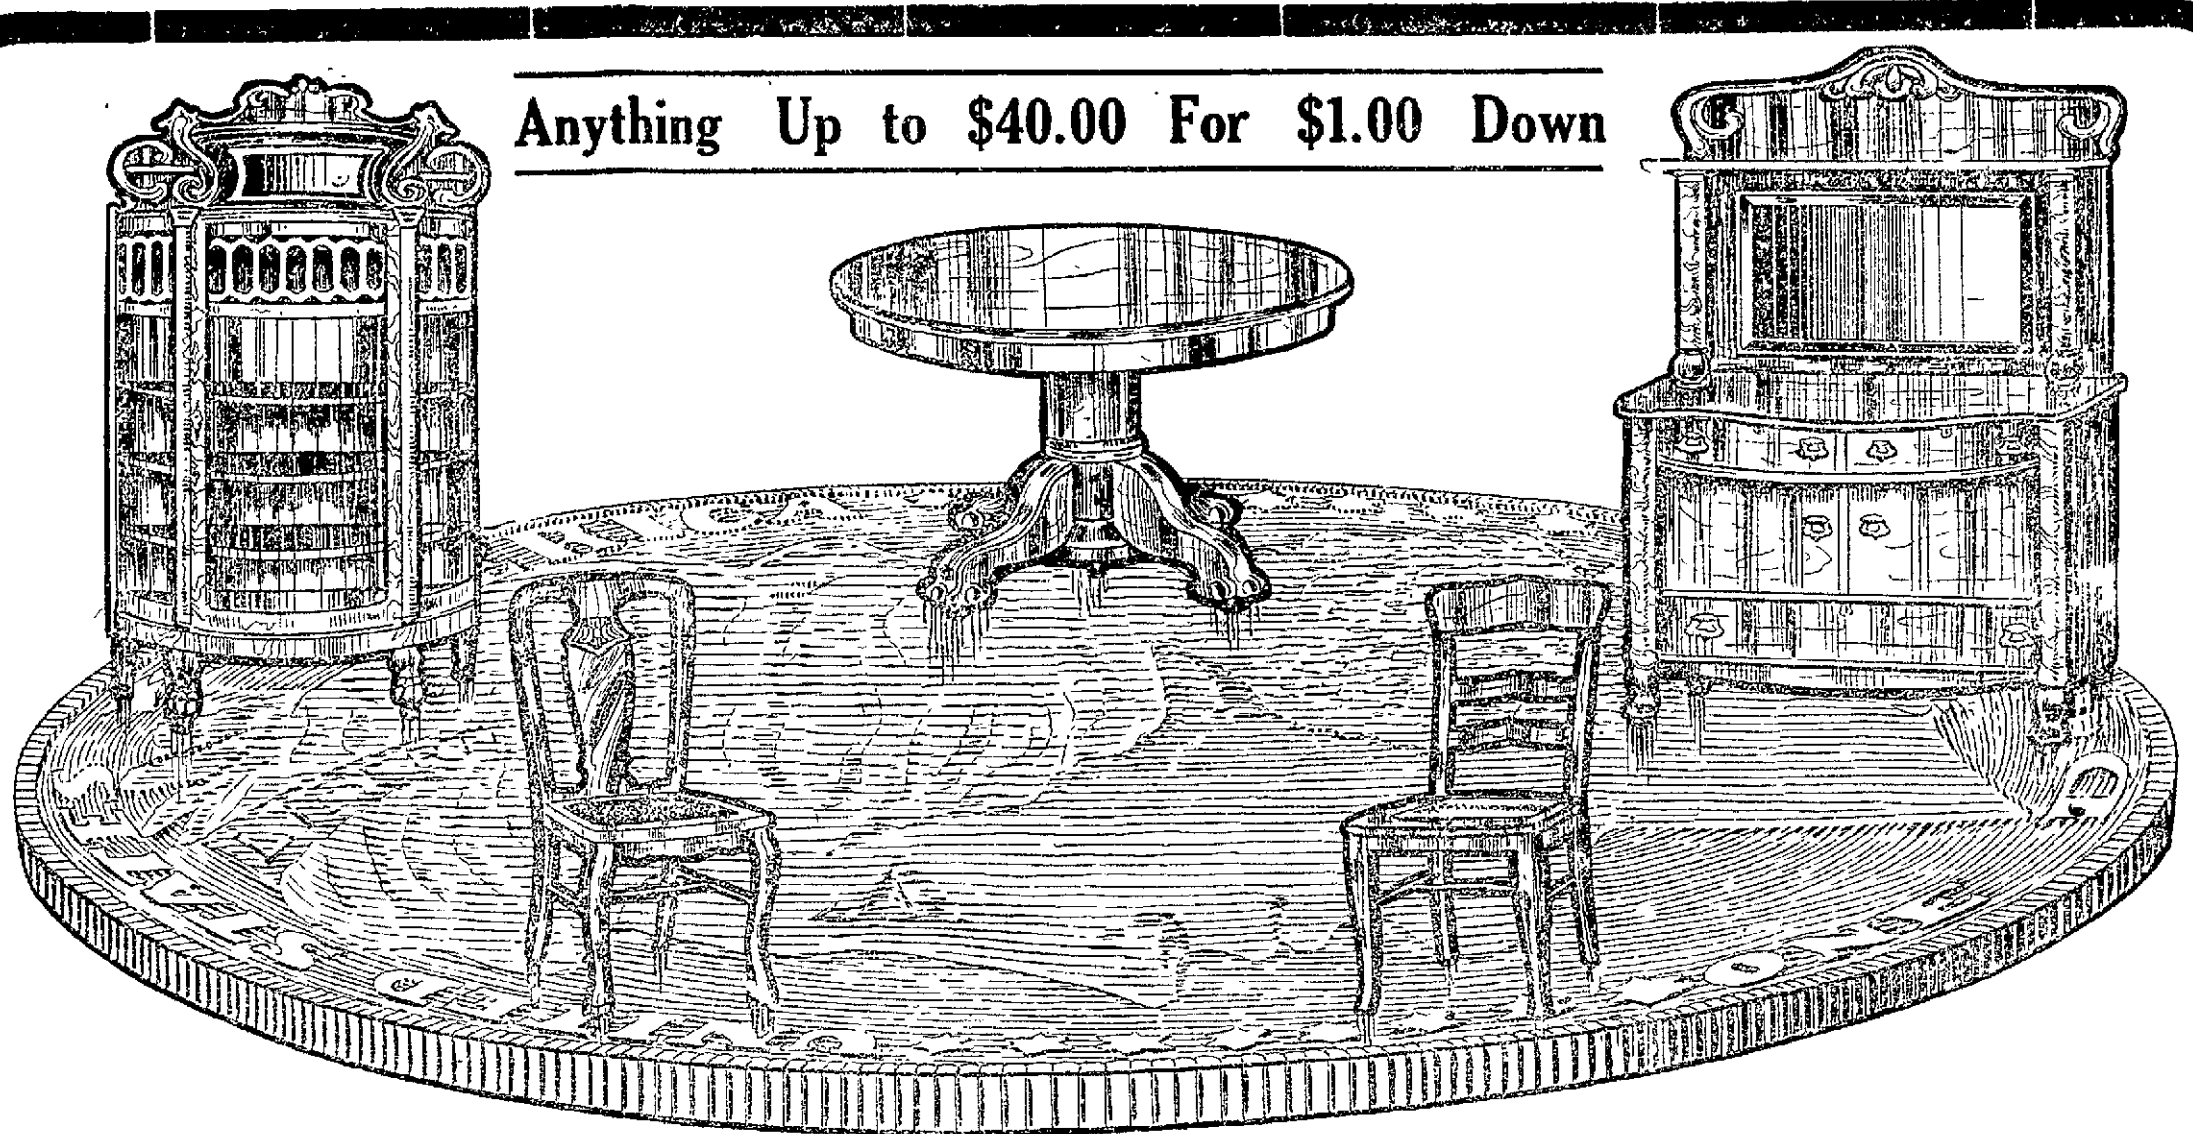

The board of public works, the rail-  
 road commission, fish and game de-  
 partment, auto department and other  
 state boards contributed largely to  
 the amount.

Among the largest contributors  
 were: The Alkin tax, \$2,182,646.75;  
 insurance premium tax, \$1,087,-  
 134.23; Wilks tax, \$1,685,318.80,  
 and the Cole tax, \$2,638,189.36.

 the biggest week the Parish Co. has ever had in  
 Newark.

This has been our greatest year, and we are go-  
 ing to close it with the greatest week's business we  
 have ever known.

To this intent we will offer the GREATEST  
 INDUCEMENTS, and the EASIEST TERMS ever  
 offered by a reliable Newark business house.

One Week

From this evening will close our great FREE  
 CLOCK offer, and in addition to giving the clock  
 and making special price concessions, the follow-  
 ing terms will prevail for
